Minutes of the Regular Meeting of the Town Board, Town of Greece, Monroe County held March 19, 2020 at the Town Hall, One Vince Tofany Boulevard, Rochester, New York at 6:00 p.m.

PRESENT:

William D. Reilich	Supervisor
David M. Barry, Jr.	Councilman
William Murphy	Councilman
Joshua Jensen	Councilman
Diana Christodaro	Councilwoman

Cheryl M. Rozzi, Town Clerk
Brian Marianetti, Town Attorney

Note: Due to the COVID 19 Coronavirus pandemic, the Town Board live-streamed the meeting per Governor Andrew Cuomo's directive regarding no gathering of more than (10) people in attendance of a public meeting during this health crisis.

PLEDGE OF ALLEGIANCE:

Supervisor Reilich called upon Councilman Joshua Jensen to lead the Town Board in the Pledge of Allegiance. Supervisor Reilich held a Moment of Silent Prayer.

#75- Councilman Barry offered the following resolution and moved its adoption; seconded by Supervisor Reilich:

RESOLVED that this Town Board granted a Motion to Move the Agenda as a Whole.

ADOPTED: Ayes 5 Reilich, Barry, Murphy, Jensen, Christodaro
Nays 0

#76- Councilman Barry offered the following resolution and moved its adoption; seconded by Councilwoman Christodaro:

RESOVED that this Town Board granted a Motion to Move Agenda Items #1-28.

ADOPTED: Ayes 5 Reilich, Barry, Murphy, Jensen, Christodaro
Nays 0

#77 A- Councilwoman Christodaro offered the following resolution and moved its adoption; seconded by Councilman Barry:

WHEREAS, the Town of Greece Town Board (the "Town Board") has proposed to adopt and enact the "Zoning Ordinance of the Town Greece, New York" (Chapter 211 of Town of Greece Code) and the "Official Zoning Map of the Town Greece, New York" pursuant to New York State Town Law, Section 264; and

WHEREAS, the Town Board makes the following findings:

1) In summary, the Proposal is to adopt and enact a New Zoning Ordinance and New Zoning Map in order to implement many of the recommendations contained in the town's 2020 Comprehensive Plan.

2) The New Zoning Ordinance and New Zoning Map would repeal and supplant, respectively, the existing Zoning Ordinance of the Town Greece and the existing Official Zoning Map of the Town Greece, which were adopted and enacted by Town Board resolution on July 15, 2003.

3) In general, the New Zoning Ordinance and New Zoning Map are designed to accomplish the following:

   A) Adapt to changing conditions while maintaining the existing pattern and intensity of land use. The relative percentages of commercial/industrial, residential, mixed use, and public land zoning are proposed to remain within 1% of existing. Commercial/industrial remains at 11.6% of the total land area; residential use is proposed to be reduced from 63.4% to 62.9% (-.5%); opportunities for mixed use development are proposed to increase from .4% to .6% (+.2%); and public land will increase from 24.7% to 25% (+.3%).

   B) Provide opportunities for economic growth without sprawl. Bulk requirements including setbacks, lot coverage, and parking requirements have been adjusted to accommodate a more compact form

of development within the existing commercial/industrial zoning footprint. The town is expanding the Central Health Care (CHC) district to accommodate opportunities for growth in the health care industry, adapting the already successful Flexible Office-Industrial (FOI) and Waterfront Development (WD) districts for use in both of the town's waterfront areas (Erie Canal and Lake Ontario). The proposed ordinance includes enactment of an Economic Development and Innovation Overlay (EDIO) to streamline approvals for job-creating projects.

C) Adapt to changes affecting "bricks and mortar" retail. Provisions have been made to accommodate more flexibility of use, particularly with existing commercial floor space so as to maintain the town's current high commercial occupancy rate. Allowable uses have been adjusted to accommodate adaptive re-use where appropriate, and a floating Planned Mixed Use (PMU) district to afford maximum flexibility and thoughtful neighborhood-oriented design through the use of form-based design criteria.

D) Adapt to changing housing preferences while maintaining the character of existing neighborhoods. The analysis of housing trends contained in the 2020 Comprehensive Plan included evaluations of demographics, real estate sales and values, rental properties, and home building activities during the time since the 2001 Master Plan. The quantitative results of that analysis reveal slow population growth, an aging population, high residential occupancy, and an increasing demand for rental options, smaller homes, and smaller lots. The town is enacting the new Planned Residential (RP) zoning district which is designed to accommodate more diverse housing options in existing residential areas by requiring a transition from single-family construction to townhomes within a single project. The RP district is being used judiciously on the New Zoning Map in selected areas, but it can also serve in some capacity as a "floating district" to accommodate future in-fill development depending on changing demand. The new R1-10 single-family residential district will serve to accommodate growing demand for smaller single-family housing options and maintain the existing pattern of development in the eastern portion of town, while the R1-18 district will remain in lower density areas in the western portion of town to maintain existing character. The R1-E district, which maintains the character of existing residential areas through the use of "neighborhood average" bulk requirement calculations to maintain consistent lot size and setbacks, is being used more broadly on the New Zoning Map to encourage continuity in existing developed areas. The R1-44 district, which requires 1+ acre lots, will remain in place for more rural areas of town west of North Greece Road and north of Mill Road. Bulk requirements in single-family residential districts have been adjusted to allow more flexibility in design.

E) Enhance community character through design standards and improved walkability. Building on the successes of the current Dewey Avenue Mixed Use (DMU) district, the town is expanding that district within the Dewey Avenue Corridor and enacting the Neighborhood Business (BN) and Planned Mixed Use (PMU) districts. Design guidelines originally developed for the Dewey Avenue corridor have been adapted for use by all three mixed use districts, while the BN has additional provisions to maintain appropriate an appropriate intensity of use in neighborhood settings. The PMU district will serve as a floating district to afford maximum flexibility and thoughtful neighborhood-oriented design through the use of form-based design criteria.

F) Offset residential tax burden. Many of the provisions in the New Zoning Ordinance are designed to focus private investment and development within existing built-up areas. By encouraging in-fill development and more efficient use of land, the town can reasonably expect to minimize major extensions and expansions of existing utilities and infrastructure, which add to maintenance burdens and ultimately translate to costs borne by the tax payer. While new code and map provide opportunities for increased density where appropriate, densities in other areas of the town are simultaneously being lowered to produce a logical transition from more urban areas of town to the more rural northwest quadrant. Under the proposed zoning scenario, the estimated residential build-out, based on available undeveloped land, is reduced by ~852 dwelling units (down from 8,246 to 7,394). This reduction in residential dwellings, which create the most demand for municipal services, together with provisions in commercial and industrial districts designed to encourage economic growth and revenue growth, represent a fiscally responsible approach to a more balanced tax base.

4) According to New York State Environmental Conservation Law, Article 8 (State Environmental Quality Review Act), and 6 NYCRR Part 617 *et seq.*, the implementing regulations therefor (the "SEQRA Regulations"), the adoption of changes in allowable uses within any zoning district, affecting 25 acres or more is classified as a Type I action.

5) In accordance with the SEQRA Regulations, the Town Board is designated as the lead agency in the environmental review of the Proposal.

6) Drafts of the New Zoning Ordinance and New Zoning Map were made available for public review on January 27, and February 14, 2020.

7) On February 25, 2020, at 6:15 p.m. at Greece Town Hall, 1 Vince Tofany Boulevard, the Town Board held a public hearing (the "Hearing") to consider the New Zoning Ordinance and New Zoning Map, at which time all persons and organizations in interest were heard. Documentary, testimonial, and other evidence were presented at the Hearing for the Town Board's consideration. At the conclusion of the Hearing, the Town Board closed the Hearing and reserved decision on the Proposal.

8) On March 5, 2020, from 4:00 to 7:00 p.m., a public "drop-in" session was held at Greece Town Hall, 1 Vince Tofany Boulevard, to further consider the New Zoning Ordinance and New Zoning Map.

9) The Town Board carefully has considered the Proposal and additional information submitted by the town's own staff, including, but not limited to: oral or written descriptions of the Proposal; and various oral or written comments that resulted from telephone conversations, meetings, or written correspondence from or with the town's own staff.

10) The Town Board carefully has considered information, recommendations, and comments that resulted from telephone conversations, meetings, or written correspondence from or with various interested agencies, including, but not limited to: the Monroe County Department of Planning and Development; the Town of Greece Planning Board; and the Town of Greece Board of Zoning Appeals.

11) The Town Board carefully has considered information, recommendations, and comments that resulted from telephone conversations, meetings, or written correspondence from or with persons and organizations in interest, and all other comments submitted to the Town Board.

12) The Town Board's determination has been carefully considered and is supported by substantial evidence as set forth in Part 2 of the EAF and as follows herein.

A) Impact on land. An overriding theme in the proposed zoning changes is to encourage the efficient and appropriate use of land with respect to the areal extent of particular uses, the intensity of such uses, and the impact such uses may have on existing developed areas. As the town approaches build-out, opportunities for green-field development decline. The code changes afford greater opportunity to re-use existing buildings and optimize the use of existing developed land.

B) Impact on geological features, ground water, noise, odor, light, air quality, and historic and archeological resources. An examination of impacts on these resources resulting from the proposed zoning changes would be speculative at this stage. As development occurs, these factors will be examined through the SEQRA process on a project-by-project basis.

C) Impacts on surface water and flooding. An examination of impacts resulting from the proposed changes would be speculative at this stage. As development occurs, these factors will be examined through the SEQRA process on a project-by-project basis. In addition to protections afforded through individual project review under SEQRA, the town maintains the highest rating of all New York State communities in FEMA's Community Rating System which, in addition to providing town residents with a discounted rate on flood insurance, ensures periodic monitoring of flood prevention practices and policies. Town of Greece design requirements, with respect to drainage and water quality, are more stringent than the underlying state and federal requirements.

D) Impacts on plants and animals, open space and recreation, and aesthetic resources. Over the past two decades, Greece has acquired more than 600 acres of open space through state and federal grants and donations. These areas are now included in the Public Land (PL) zoning district and will continue to contribute to the regionally significant and unique migratory bird habitat which exists in and around the Braddock Bay wetland complex. These areas will continue to serve town residents and others as passive recreation areas available for public use. The town's Cluster Subdivision regulation has been updated to provide the Planning Board more flexibility in permitting cluster subdivisions where it's deemed appropriate and in the best interest of recreation or natural resource protection.

E) Impact on agricultural resources. Code language has been amended to clarify that farming is permitted in any district and the town's farm-related definitions and other zoning provisions have been adjusted to align with the rules and regulations of the New York State Department of Agriculture (NYSDAM).

F) Impact on transportation. It stands to reason that the reduced residential build-out resulting from the proposed zoning changes will result in fewer vehicle trips, and thereby equating to fewer

negative traffic impacts in the future. By encouraging more in-fill development and mixed use, and through the use of pedestrian and bicycle-friendly design requirements, the new code is intended to present alternatives to vehicle traffic which should also reduce future demand on roadways. However, an examination of impacts resulting from the proposed changes would be speculative at this stage. As development occurs, these factors will be examined through the SEQRA process on a project-by-project basis.

G) Impact on energy. Code provisions have been introduced to adapt to the growing use of electric vehicles by both accommodating and regulating charging stations as permitted accessory uses in commercial districts and including provisions for anticipated growth of such uses. The new code also includes a Solar Energy ordinance based on the template created by the New York State Energy Research and Development Authority (NYSERDA). The new solar energy provisions institute controls to appropriately accommodate residential installations and expands opportunities for community solar projects which serve to reduce reliance on fossil fuels while providing energy cost saving opportunities to town residents.

H) Impact on human health. The proposed code places an emphasis on accommodating green energy to reduce emissions, and encourages walkability. An examination of impacts resulting from the proposed changes would be speculative at this stage. As development occurs, these factors will be examined through the SEQRA process on a project-by-project basis.

I) Consistency with community plans. The changes incorporated in the New Zoning Ordinance and New Zoning Map are in response to direct recommendations in the 2020 Comprehensive Plan. Additionally, the code changes are aligned with the town's body of comprehensive planning documents, including but not limited to: the 2016 Parks and Recreation Master Plan; 2016 Flood-Smart Community Plan; 2015 Sanitary Sewer Master Plan; and the 2014 Bicycle and Pedestrian Master Plan. Additionally, the code changes draw on the town's demonstrated successes in the Dewey Avenue Corridor, which resulted from a concerted and focused revitalization effort there.

J) Consistency with community character. Another overriding goal of the New Zoning Ordinance and New Zoning Map is to adapt to changing conditions and encourage economic growth while maintaining the essential character of the town. Provisions are incorporated to accommodate pre-existing uses, provide transitions in density and use as development occurs, prevent sprawl, and maintain the existing pattern of development.

K) The Town Board has carefully considered relevant environmental information, including but not limited to: oral and written descriptions of the Proposal; a Full Environmental Assessment Form (the "EAF") with supplemental materials; and the town's body of comprehensive planning documents, including but not limited to: the Town of Greece 2020 Comprehensive Plan; the 2016 Parks and Recreation Master Plan; 2016 Flood-Smart Community Plan; 2015 Sanitary Sewer Master Plan; 2014 Bicycle and Pedestrian Master Plan; and the 2007-2010 Dewey Avenue Corridor Revitalization and Traffic Calming Studies.

13) The Town Board acknowledges that subsequent Actions which may be approved by the town pursuant to the rules and regulations set out in the New Zoning Ordinance and New Zoning Map will be subject to individual SEQRA review, whereby individual impacts resulting from development will more thoroughly be examined.

14) The Town Board has met the procedural and substantive requirements of the SEQRA regulations and has taken a "hard look" at the relevant environmental issues.

NOW, THEREFORE, be it

RESOLVED that, pursuant to the SEQRA regulations, based on the aforementioned information, documentation, and findings, and after examining the relevant environmental issues, information and comments obtained during the review, comments obtained during the public hearing, comments and recommendations from agencies and the town's own staff, the Town Board determines that the proposal will not have a significant adverse impact on the environment, which constitutes and negative declaration pursuant to the SEQRA regulations.

Minutes of the Regular Meeting of the Town Board, Town of Greece, Monroe County held March 19, 2020 at the Town Hall, One Vince Tofany Boulevard, Rochester, New York at 6:00 p.m.

#77 B- Councilwoman Christodaro offered the following resolution and moved its adoption; seconded by Councilman Barry:

WHEREAS, the Town of Greece Town Board (the "Town Board") has proposed to adopt and enact the "Zoning Ordinance of the Town Greece, New York" (Chapter 211 of Town of Greece Code) and the "Official Zoning Map of the Town Greece, New York" pursuant to New York State Town Law, Section 264; and

WHEREAS, the Town Board makes the following findings:

1. In summary, the Proposal is to adopt and enact a New Zoning Ordinance and New Zoning Map in order to implement many of the recommendations contained in the town's 2020 Comprehensive Plan.

2. Proof was had of the notice of a public hearing on a resolution proposing to adopt and enact a new "Zoning Ordinance of the Town of Greece, New York" and a new "Official Zoning Map of the Town of Greece, New York."

3. On February 25, 2020, at 6:15 p.m. at Greece Town Hall, 1 Vince Tofany Boulevard, the Town Board held a public hearing (the "Hearing") to consider the New Zoning Ordinance and New Zoning Map, at which time all persons and organizations in interest were heard. Documentary, testimonial, and other evidence were presented at the Hearing for the Town Board's consideration. At the conclusion of the Hearing, the Town Board closed the Hearing and reserved decision on the Proposal.

4. On March 5, 2020, from 4:00 to 7:00 p.m., a public "drop-in" session was held at Greece Town Hall, 1 Vince Tofany Boulevard, to further consider the New Zoning Ordinance and New Zoning Map.

5. During the time since the adoption of the Existing Zoning Ordinance and the Existing Zoning Map, the town's own staff has solicited and collected comments, suggestions, and recommendations from the public, to be considered for inclusion in the New Zoning Ordinance and the New Zoning Map.

6. The Town Board carefully has considered the Proposal and additional information submitted by the town's own staff, including, but not limited to: additional oral or written descriptions of the Proposal; and various oral or written comments that resulted from telephone conversations, meetings, or written correspondence from or with the town's own staff.

7. The Town Board carefully has considered information, recommendations, and comments that resulted from telephone conversations, meetings, or written correspondence from or with various interested agencies, including, but not limited to: the Monroe County Department of Planning and Development; the Town of Greece Planning Board (the "Planning Board"); the Town of Greece Board of Zoning Appeals ("Board of Zoning Appeals"); and the town's own staff.

8. The Town Board carefully has considered information, recommendations, and comments that resulted from telephone conversations, meetings, or written correspondence from or with persons and organizations in interest, and all other comments submitted to the Town Board.

9. On March 19, 2020, in accordance with New York State Environmental Conservation Law, Article 8 (State Environmental Quality Review Act) and 6 NYCRR Part 617 *et seq.*, the implementing regulations therefor (the "SEQRA Regulations"), the Town Board completed its environmental review of the Proposal, which was classified as a Type I action with the issuance of a Negative declaration under the SEQRA Regulations.

NOW, THEREFORE, be it

RESOLVED that, based on the aforementioned information, documentation, testimony, and findings, pursuant to the authority conferred by New York State Town Law, Article 16, the Existing Zoning Ordinance and the Existing Zoning Map, both adopted by Town Board resolution on July 15, 2003 hereby be repealed and supplanted; and be it further

RESOLVED that a New Zoning Ordinance, together with a New Zoning Map, hereby be adopted, and be it further

RESOLVED that the New Zoning Ordinance, together with a New Zoning Map shall become effective immediately after filing and publication as provided by law, and be it further

RESOLVED that any current application for approval of a special permit, use variance, area variance, subdivision plat, site plan, or minor improvement plan by the Town Board, Planning Board, or Board of Zoning Appeals shall be exempt from the provisions of the New Zoning Ordinance and the New Zoning Map but shall be subject to the provisions of the Existing Zoning Ordinance and the Existing Zoning Map, provided that a complete application has been received and the appropriate fee paid for such application, in accordance with procedures established by the Department of Development Services, prior to the effective date of the New Zoning Ordinance and the New Zoning Map. Such exemption shall apply only to the subject of such current application for approval and shall expire if the approval for any such application so exempted subsequently expires or is modified or superseded.

ADOPTED: Ayes 5 Reilich, Barry, Murphy, Jensen, Christodaro

#78 A- Councilman Barry offered the following resolution and moved its adoption; seconded by Councilman Murphy:

WHEREAS, Li-Cycle, Inc. (the "Applicant/Project Sponsor") has submitted a request to the Town Board (the "Town Board") of the Town of Greece (the "Town"), Monroe County, New York, for a waiver of requirements for a special use permit to operate a business enterprise for the dismantling, storage, and processing of discarded recyclable material (lithium batteries), on property located at Eastman Business Park – Building 350 (Mon. Co. Tax No.: 090.05-1-14.11) , in a IG (General Industrial) Zoning District; and

WHEREAS, having carefully considered all relevant documentary, testimonial, and other evidence submitted, the Town Board makes the following findings:

1. In summary, the Applicant/Project Sponsor's proposal (the "Proposal") is to operate a business enterprise for the dismantling, storage, and processing of discarded recyclable material (lithium batteries), within an existing building, which is located within an existing industrial park (the "Premises"). The Applicant/Project Sponsor proposes to stage, process, and recycle lithium-ion batteries, as well as store the inert end products of the process. The proposed vehicular access to the Premises is via a signalized driveway at Latona Road (Monroe County Route 152, a four-lane urban minor arterial). Existing land uses in the vicinity include but are not limited to: single-family houses; mixed industrial uses; parking areas; and undeveloped industrial land.

2. Upon review of the Proposal, the Town Board determined that the Proposal is subject to the State Environmental Quality Review Act (New York State Environmental Conservation Law, Article 8) and its implementing regulations (6 NYCRR Part 617, the "SEQR Regulations") (collectively, "SEQR"), and that the Proposal constitutes a Type II action under SEQR. (SEQR Regulations, § 617.5(c).

3. According to SEQR, Type II actions have been determined not to have a significant adverse impact on the environment and are not subject to further review under SEQR.

NOW, THEREFORE, be it

RESOLVED that, based on the aforementioned information, documentation, testimony, and findings, SEQR does not require further action relative to the Proposal.

ADOPTED: Ayes 5 Reilich, Barry, Murphy, Jensen, Christodaro
Nays 0

#78 B- Councilman Barry offered the following resolution and moved its adoption; seconded by Councilman Murphy:

WHEREAS, Li-Cycle, Inc. (the "Applicant/Project Sponsor") has submitted a request to the Town Board (the "Town Board") of the Town of Greece (the "Town"), Monroe County, New York, for a waiver of requirements for a special use permit to operate a business enterprise for the dismantling, storage, processing of discarded recyclable material (lithium batteries), on property located at Eastman Business Park – Building 350 (Mon. Co. Tax No.: 090.05-1-14.11) , in a IG (General Industrial) Zoning District; and

WHEREAS, having carefully considered all relevant documentary, testimonial, and other evidence submitted, the Town Board makes the following findings:

1. In summary, the Applicant/Project Sponsor's proposal (the "Proposal") is to operate a business enterprise for the dismantling, storage, and processing of discarded recyclable material (lithium batteries), within an existing building, which is located within an existing industrial park (the "Premises"). The Applicant/Project Sponsor proposes to stage, process, and recycle lithium-ion batteries, as well as store the inert end products of the process. The proposed vehicular access to the Premises is via a signalized driveway at Latona Road (Monroe County Route 152, a four-lane urban minor arterial). Existing land uses in the vicinity include but are not limited to: single-family houses; mixed industrial uses; parking areas; and undeveloped industrial land.

2. Based on the Town Board's review of relevant documentary, testimonial, and other evidence, the location, nature, duration, and intensity of the proposed restaurant operation: (a) will not adversely affect the orderly pattern of development in the area; (b) is in harmony with nearby uses; (c) will not alter the essential character of the nearby neighborhood, nor will they detrimental to the residents thereof; (d) will not create a hazard to health, safety, or the general welfare; (e) will not be detrimental to the flow of traffic; and (f) will not place an excessive burden on public improvements, facilities, services, or utilities

3. Having considered the Proposal and all additional information that may be relevant to the Proposal, it is in the public interest to grant the requested waiver of the requirements to obtain a special use permit.

NOW THEREFORE, be it

RESOLVED that, based on the aforementioned information, testimony, documentation, and findings, pursuant to the authority conferred by New York State Town Law, Article 16, and pursuant to the Code of the Town of Greece, New York, Chapter 211 (Zoning) (the "Zoning Ordinance"), the request submitted by Li-Cycle, Inc. (the "Applicant") for a waiver of requirements for a special use permit to operate a business enterprise for the dismantling, storage, processing of discarded recyclable material (lithium batteries), on property located at Eastman Business Park – Building 350 (Mon. Co. Tax No.: 090.05-1-14.11) , in a IG (General Industrial) Zoning District, hereby be and the same is approved and granted, subject to the following conditions:

1. The Applicant shall operate in conformity with all details of the Proposal, as described in the written descriptions and various plans of the Proposal, and as set forth herein. In the event of any conflict among the written descriptions of the Proposal, the various plans of the Proposal, or the requirements or restrictions of this resolution, the Town Board, in its sole discretion and judgment and without hearing, shall determine the resolution of such conflict.

2. The maximum occupancies shall be the limits established by the Town's Fire Marshal pursuant to the New York State Uniform Fire Prevention and Building Code.

3. The Applicant shall comply with all applicable federal, state, county, and Town laws, ordinances, codes, rules, and regulations, including but not limited to the New York State Uniform Fire Prevention and Building Code. Failure to comply with such requirements may be grounds for revocation of this special use permit waiver.

4. Wherever this resolution refers to a specific public official, agency, or regulation it shall be construed to include any succeeding authority.

5. Upon the sale or other transfer of controlling interest in this business enterprise for the dismantling, storage, processing of discarded recyclable material (lithium-ion batteries), to any person or entity other than Li-Cycle, Inc., its wholly owned subsidiaries, or its franchisees, a new application for a special use permit or waiver must be submitted to the Town Board.

WHEREAS, having considered carefully all relevant documentary, testimonial, and other evidence submitted, the Town Board makes the following findings:

1. In summary, the Applicant proposes to expand (1388± square feet) an existing restaurant (8065± square feet, including patio area), including preparation, service, sale and consumption of food and drink, including alcoholic beverages, on the Premises.

NOW THEREFORE, be it

RESOLVED that, based on the aforementioned information, documentation, testimony, and findings, pursuant to the authority conferred by New York State Town Law, Article 16, and pursuant to the Code of the Town of Greece, New York, Chapter 211 (the "Zoning Ordinance"), the request submitted by Bella Pasta Café, Inc. for a waiver of the requirement to obtain a special use permit to operate an existing restaurant known as Bella Pasta Café, on property located at 2500 Ridgeway Avenue is hereby approved and granted, subject to the following conditions:

1. The Applicant shall operate the restaurant in conformity with all details of the Proposal, as described in the written descriptions and various plans of the Proposal, and as set forth herein. In the event of any conflict among the written descriptions of the Proposal, the various plans of the Proposal, or the requirements or restrictions of this resolution, the Town Board, in its sole discretion and judgment and without hearing, shall determine the resolution of such conflict.

2. The maximum occupancy in this restaurant shall be the limits established by the Town's Fire Marshal pursuant to the New York State Uniform Fire Prevention and Building Code.

3. The Applicant shall obtain all other approvals, permits, and certificates which may be required from the Town of Greece and any other agencies.

4. Failure to comply with all applicable federal, state, county, and Town laws, ordinances, codes, rules, and regulations, including but not limited to the New York State Uniform Fire Prevention and Building Code, may be grounds for revocation of this waiver.

5. Wherever this resolution refers to a specific public official, agency, or regulation it shall be construed to include any succeeding authority.

6. The Applicant shall operate the restaurant in conformity with the conditions of the October 21, 2014 Town Board resolution that granted a waiver of the requirements for a new special use permit to operate a restaurant on the Premises, and the June 6, 2015, Town Board resolution that modified said waiver.

#100 A- Councilman Murphy offered the following resolution and moved its adoption; seconded by Councilman Jensen:

WHEREAS, Country Sweet Restaurants, Inc. (the "Applicant/Project Sponsor") has submitted a request to the Town Board (the "Town Board") of the Town of Greece, Monroe County, New York (the "Town") for a waiver of the requirements for a special use permit to operate a restaurant, to be known as Country Sweet Chicken and Ribs, on property located at 1600 West Ridge Road, in the Street of Shoppes Plaza, in a BR (Restricted Business) Zoning District; and

WHEREAS, having considered carefully all relevant documentary, testimonial, and other evidence submitted, the Town Board makes the following findings:

1. In summary, the Applicant/Project Sponsor's proposal (the "Proposal") is to operate a restaurant in existing tenant space that previously was used for a bakery establishment, located in a multiple-tenant commercial plaza (the "Premises"). The Proposal includes preparation, sale, and service of hot and cold foods for consumption on the Premises and for takeout and delivery, and beverages for consumption at the restaurant. The proposed hours of availability to the public for dining and takeout service inside the restaurant and for delivery service are: Monday through Thursdays, 11:00 a.m. to 11:00 p.m.; Friday and Saturday, 11:00 a.m. to 12:00 p.m.; and Sunday, 12:00 p.m. to 10:00 p.m. Vehicular access for the Premises is via a non-signalized driveway at West Ridge Road (New York State Route 104, a seven-lane urban principal arterial street), and a non-signalized driveway at Buckman Road (a two-lane local road).

2. Upon review of the Proposal, the Town Board determined that the Proposal is subject to the State Environmental Quality Review Act (New York State Environmental Conservation Law, Article 8) and its implementing regulations (6 NYCRR Part 617, the "SEQR Regulations") (collectively, "SEQR"), and that the Proposal constitutes a Type II action under SEQR. (SEQR Regulations, § 617.5(c)(1), (2) & (26).)

3. According to SEQR, Type II actions have been determined not to have a significant adverse impact on the environment and are not subject to further review under SEQR.

NOW, THEREFORE, be it

RESOLVED that, based on the aforementioned information, documentation, testimony, and findings, SEQR does not require further action relative to the Proposal.

ADOPTED: Ayes 5 Reilich, Barry, Murphy, Jensen, Christodaro
Nays 0

#100 B- Councilman Murphy offered the following resolution and moved its adoption; seconded by Councilman Jensen:

WHEREAS, Country Sweet Restaurants, Inc. (the "Applicant") has submitted a request to the Town Board (the "Town Board") of the Town of Greece, Monroe County, New York (the "Town") for a waiver of the requirements for a special use permit to operate a restaurant, to be known as Country Sweet Chicken and Ribs on property located at 1600 West Ridge Road, in the Street of Shoppes Plaza, in a BR (Restricted Business) Zoning District; and

WHEREAS, having considered carefully all relevant documentary, testimonial, and other evidence submitted, the Town Board makes the following findings:

1. In summary, the Applicant's proposal (the "Proposal") is to operate a restaurant in existing tenant space that previously was used for a bakery establishment, located in a multiple-tenant commercial plaza (the "Premises"). The Proposal includes preparation, sale, and service of hot and cold foods for consumption on the Premises and for takeout and delivery, and alcoholic and beverages for consumption at the restaurant. The proposed hours of availability to the public for dining and takeout service inside the restaurant and for delivery service are: Monday through Thursdays, 11:00 a.m. to 11:00 p.m.; Friday and Saturday, 11:00 a.m. to 12:00 p.m.; and Sunday, 12:00 p.m. to 10:00 p.m. Vehicular access for the Premises is via a non-signalized driveway at West Ridge Road (New York State Route 104, a seven-lane urban principal arterial street), and a non-signalized driveway at Buckman Road (a two-lane local road)

2. Based on the Town Board's review of relevant documentary, testimonial, and other evidence, the location, nature, duration, and intensity of the proposed restaurant operation: (a) will not adversely affect the orderly pattern of development in the area; (b) is in harmony with nearby uses; (c) will not alter the essential character of the nearby neighborhood, nor were they detrimental to the residents thereof; (d) will not create a hazard to health, safety, or the general welfare; (e) will not be detrimental to the flow of traffic; and (f) will not place an excessive burden on public improvements, facilities, services, or utilities.

3. Having considered the Proposal and all additional information that may be relevant to the Proposal, it is in the public interest to grant the requested waiver of the requirements to obtain a special use permit.

NOW THEREFORE, be it

RESOLVED that, based on the aforementioned information, testimony, documentation, and findings, pursuant to the authority conferred by New York State Town Law, Article 16, and pursuant to the Code of the Town of Greece, New York, Chapter 211 (Zoning) (the "Zoning Ordinance"), the request submitted by Country Sweet Restaurants, Inc. (the "Applicant") for a waiver of the requirements for a special use permit to operate a restaurant, to be known as Country Sweet Chicken and Ribs, on property located at 1600 Ridgeway, in the Street of Shoppes Plaza, in a BR (Restricted Business) Zoning District, hereby be and the same is approved and granted, subject to the following conditions:

1. The Applicant shall operate this restaurant in conformity with all details of the Proposal, as described in the written descriptions and site development plans of the Proposal, and as set forth herein. In the event of any conflict among the oral or written descriptions of the Proposal, the site development plans of the Proposal, or the requirements or restrictions of this resolution, the Town Board, in its sole discretion and judgment and without hearing, shall determine the resolution of such conflict.

2. The maximum occupancies in this restaurant shall be the limits established by the Town's Fire Marshal pursuant to the New York State Uniform Fire Prevention and Building Code.

3. The Applicant shall comply with all applicable federal, state, county, and Town laws, ordinances, codes, rules, and regulations, including but not limited to the New York State Uniform Fire Prevention and Building Code and all applicable requirements for the installation/maintenance of a grease trap. Failure to comply with such requirements may be grounds for revocation of this special use permit.

4. Wherever this resolution refers to a specific applicant, developer, or operator, it shall be construed to include successors and assigns.

5. Wherever this resolution refers to a specific public official or agency, it shall be construed to include designees, successors, and assigns.

6. Wherever this resolution refers to a specific law, ordinance, code, rule, or regulation, it shall be construed to include any superseding authority.

7. Upon the sale or other transfer of controlling interest in this restaurant to any person or entity other than Country Sweet Restaurants, Inc., its wholly owned subsidiaries, or its franchisees, a new application for a special use permit or waiver must be submitted to the Town Board.
